

Election 2020 Social Media Toolkit

Presidential General Election

Improving the voter experience through tested messages

Join us on social media every Tuesday at 10 a.m. Sept. 1 - Nov. 3

@FutureCAElect

Future of California Elections is a nonpartisan network of election officials, civil rights organizations, reform advocates and civic engagement partners working to modernize elections and expand participation. Since 2011, FoCE has convened the elections field to collaborate and promote best election administration practices that improve the voter experience. This and other customizable voter education resources are available at futureofcaelections.org.

Released August 2020

Introduction

For the 2020 Presidential Election, every California voter with an active registration status will be sent a ballot in the mail, even if they did not request one, and they will have options for how to vote. This resource offers plain language messages to help Californians learn about voting in their community.

This toolkit was informed by the [Voter Messaging in the Time of COVID-19](#) survey, conducted by Center for Inclusive Democracy at the USC Price School of Public Policy, as well as by our nonpartisan network of partners.

Our campaign

Our priority is to improve the voter experience. Help us amplify the important election administration messages in this toolkit. Join us Tuesdays at 10 a.m. starting September 1.

We intentionally do not have a specific slogan or a hashtag for this campaign. Use the one that best fits your organization and goals.

In this toolkit you will find:

- Voter education topics identified by our nonpartisan network of partners
- Custom graphics developed for this campaign
- Sample postings and hashtags to increase interactions
- Contact list for California Election officials

Tips for social media

1. List your county in your post. Not all counties are offering the same voting options, so be specific about your county's options. See page 15 for county Twitter handles.
2. Use a graphic to add visual interest. See page 6 to access our custom graphics.
3. Tag your friends, colleagues and partner organizations to increase interactions. Tag us @FutureCAElect
