

R.E.V. Up the VOTE (Register, Engage and Vote) Pledge Card

Starting in 2018, **Sacramento County** will be one of the first counties in the state to implement the Voter's Choice Act (VCA): a new law that expands voters' choices as to where, when, and how to vote. All registered voters will receive their ballot in the mail a month before the election. Instead of going to their old polling places, they will have 3 choices for how to vote:

(1) Vote by Mail starting as soon as their ballot is received.

(2) Ballot Drop Off at any of the County's 52 secure drop off sites. No postage is required for ballots delivered to drop off sites.

(3) Vote Centers for in-person voting, helpful assistance, and same-day registration and voting. There will be 16 Vote Centers open starting 10 days before the election and then a total of 78 open Saturday before the election through Election Day.

Community engagement is essential to prepare voters for the big changes ahead. This Pledge Card represents a commitment to help educate voters and ensure that everyone, including members of underrepresented communities and voters with disabilities, understands how and when to vote. With all of our efforts, we can assist over 15,000 individuals through education and voter registration.

Please check the areas in which you or your organization will help to R.E.V. UP the VOTE by educating **Sacramento County** residents about the new choices available for voting in 2018.

Register

- Host a registration event
- Help citizens' complete registration forms at your office, via computers or out in the community
- Outreach to targeted audiences for registration

Engage

- Use social media and/or presentations to share information & announcements with citizens
- Hold gatherings in the community such as: vote parties and presentations
- Distribute voter registration educational materials online, in your office and at events

Vote

- Sign up to stay up to date on important information regarding the June 5, 2018 election
- □ Volunteer to work at a voting center
- Make phone calls, walk precincts or provide transportation to polling stations
